While I did try to make a submission via the online form, there was no "submit" option, hence the email below. I would also like to make appear before the Tribunal on Friday 9th June if you have time available. Below is my submission.

In response to the Tribunal transition hearings I wish to make a brief statement. In view of the fact that the electorate of Launceston has varied by less than 5%, and is maintained on the current 95% plus, I respectfully request that no change be made.

I further request that the electoral cycle remain as is, given the continuity of the cycle is very important to the smooth workings of the Legislative Council, and that members should have current tenure.

Rosemary
